RICHMOND NEWS AND GOSSIP

Suit For 41,000 Acres of Land in Bath.

THE TOMB OF MONROE

Governor Tyler Invited to Deliver an Address at Southern Pines N. C. —Paying Pensions to Widows of Confederate Soldiers— Charter to Mayo Land and Bridge Company— News Notes of Interest.

(Special to Virginian-Pilot.)

Richmond, Va., April 1.—A citizen of Bath county, who says he is 82 years of age, wrote Governor Tyler to-day telling him of a suit which is now being pressed in the courts of Bath county to obtain the title to 41,000 acres of land in that county, lying on the eastside of Composure river, and on both sides the road from Warm Springs to Staunton.

The land is claimed under grants from the State issued in 1796. The writer says he heard some of the oldest inhabitants say when he was a young man that the land had never been surveyed. He wishes the Governor to have the Register of the Land Office investigate the matter, as he thinks the State owns the land and is entitled to the revenue from it. It is understood that there are numerous settlers on the land who have occupied their present homes for years. If the land has never been surveyed and granted it is said these settlers will lose their homes, as the statute giving them title after peaceful possession for a certain period, cannot be invoked, they having no color or title. This question would have to be settled by the courts. "Squatter sovereignty" has in more than one State of the Union been the subject of hot political contests and bloodshed. If the settlers on the land in controversy in Bath county are dispossessed, or an attempt is made to dispossess them, there is going to be trouble for the man who tries to serve the electment writs.

PRESIDENT MONROE'S TOMB.

The attention of Governor Tyler has been directed by Superintendent John R. Hooper, of Hollywood Cemetery, to the neglected state of the tomb of President James Monroe. In a letter to the Governor Mr. Hooper says that some years ago one of the copper inscription plates was stolen from the tomb, and owing to the fact that the other was about to fall off, he had it taken to a place of safety.

VIRGINIA'S ADVANTAGES.

Mr. A. M. Clarke, president of the Board of Trade of Southern Pines, N. C., and Hon. P. H. Beck, the Mayor, have written Governor Tyler, inviting him to deliver an address at a meeting in that city April 17-22. The meeting is for the purpose of bringing to the South more Northern capital. The letter states that Northern men undoubtedly have made Southern Pines, and that it is desired to further encourage moneyed men from the North to locate in the South. It is stated that 1,000 Northern men are expected to be present.

The Governor is asked to make an address outlining the advantages which Virginia offers to capitalists and manufacturers from the North. In the event that the Governor cannot attend the meeting he is asked to send a representative who will make an address. The Governor is also asked to send a delegate from each Congressional District of the State.

CAPITOL NOTES.

Governor Tyler was notified by the Secretary of War to-day that Private Miles Smithson, of Company A, Fourth Virginia, had been honorably discharged.

Governor Tyler is receiving about three invitations every day to deliver addresses at various school commencements in the State.

PAYING OUT PENSIONS.

Auditor Marye to-day began paying out pensions to disabled Confederate soldiers and their widows. About seventy-five applicants, chiefly from Richmond, were given their warrants. Mr. E. L. C. Scott, of the Auditor's office, has charge of this work, and he, and the clerks of the Treasury Department will be kept busy for the next week or two.

The total amount which the State pays out in pensions is \$110,000. The amount received in each case ranges from \$15 to \$100. There are about 3,000 pensioners on the rolls.

A GREAT ENTERPRISE.

The Mayo Bridge and Land Company this morning, in the Circuit Court, was granted a charter, which authorizes it to acquire Mayo Bridge and appurtenances, to improve real estate, construct and operate quarries, mills, factories, and steam and electric plants. Its capital stock is fixed at not less than \$25,000 nor more than \$500,000, divided into shares of \$10 each. Real estate can be held to the amount of \$10,000. The officers are Messrs. Ware B. Gay, of Richmond, president; H. W. Wesson, treasurer and assistant secretary; Julius Baker, secretary and as-

THE VIRGINIA BOAT CLUB.

The Virginia Boat Club expected to have its annual opening to-day, as usual, for the season, but James river played an April 1st joke on the boatmen, and instead of the inauguration of the season's pleasure they are protecting their property from the rising tide of the stream. Carpenters are restoring the damage, amounting to about twelve hundred dollars, done by the ice gorges during the winter, and the boat house would have been ready for to-day's celebration but for the interference of the water. A splendid new float, built for the boat club, was recently finished and towed to its anchorage in front of the boat house, and but for the flood all would have been ready.

A MEMORIAL TABLET.

The memory of Rev. W. T. Jolley, the first pastor of Randolph Street Baptist Church, will be honored by the ladies of that church by placing of a very handsome tablet and an oil painting of the deceased in their church on the 16th. It was expected that this would be done on the 14th of March, but on account of the recent freeze the marble did not arrive in time. It has since been received, and is in the hands of the workmen. It will be ready by the 16th of April, when the unveiling is expected to take place at 4 p. m. Rev. J. B. Hutson, Dr. W. E. Hatcher and Rev. George M. Daniels, the present pastor, will make addresses, and other ministers will take part.

BLOOD CURE SENT FREE.

A Cure for Blood and Skin Diseases. Eczema, Pimples, Scrofula, Blood Poison, Cancer, Kidney Trouble.

MEDICINE SENT ALL CHARGES PREPARED

Get rid of the Bad Blood in your system and you get rid of the Diseases. Over thirty years ago Dr. Gilman, the distinguished specialist, discovered a scientific combination of remedies that had the effect of driving the poisoned, diseased matter out of the blood, bones and entire system, thus curing the disease, and at the same time producing a fine constitutional effect, building up the broken down constitution.

This remedy is known as B. B. B.—(Botanic Blood Balm), and has gained a wide world renown, so that it is for sale everywhere. That every sufferer may test its wonderful curative powers, a sample bottle will be sent, free of charge, and prepaid, to anyone who writes for it. This is a liberal offer, to prove to our readers that B. B. B. cures all Blood and Skin Diseases. Thousands upon thousands have been cured, even after doctors and all other remedies had utterly failed.

If you have old, persistent sores, pimples, distressing eruptions of the skin, painful swellings, itching, or Eczema, itching sensation, irritating skin troubles, eczema, scrofula, ulcers, Blood Poison, liver sores, mercurial rheumatism, face blotches, whether inherited or acquired, blood taint—then give B. B. B. a trial, because B. B. B.—Botanic Blood Balm—is made for just such cases, and it cures, to stay cured, all stubborn blood diseases. That distressing condition, Eczema, is always cured by the use of two to six bottles.

Dreadful Cancer of the face, neck, legs, lips, eating cancer, or sores, cured by B. B. B.—Botanic Blood Balm. B. B. B. cures by driving the deadly, virulent poison, which causes cancer, out of the blood. This is the only remedy that can do this. In the same way B. B. B. cures Blood Poison, whether inherited or acquired, producing ulcers, painful swellings, itching, pimples, copper-colored spots, itching of the hair, sores in the throat or tongue, scrofula. B. B. B. tested for 30 years. Large bottles for sale by all druggists for \$1.00, or 6 bottles (full treatment), \$5.00. For sample bottle and full treatment, send 10c. to Dr. Gilman, Blood Balm Co., 31 Mitchell street, Atlanta, Ga., and trial bottle and medical book will be sent, all charges prepaid. PUBLIC MEETING SUGGESTED.

Editor Virginian-Pilot:

I write to suggest that a public meeting be called to condemn the course of the government in continuing the war in the Philippines, which is costing the lives of hundreds—yes, thousands—of our boys who never expected to be used to shoot down the poor natives of those islands, because they will not consent to "submit unconditionally" to the demand that they become the slaves of whatever authority may be put over them. This senseless and wicked war should cease, and it is high time that the voice of the people was heard; and that the sickening record of the daily killing of our soldiers and the terrible destruction of thousands of men, women and children, as well as the burning of the homes of these poor Malays, should be ended by the command of those who hold that "government should exist only by consent of the governed." At this Easter season let all good citizens pray that our country may no longer prosecute this bloody and needless war.
